7/15 – 7/19	Week 6 (5 to 10 yrs.)	* Stem Fundamentals with LEGO by Play-Well Teknologies	\$ 315	-----
7/22 – 7/26	Week 7 (6 to 10 yrs.)	*Critical Thinking / Hands on science by RISU	\$ 340	\$ 230
7/29 – 8/02	Week 8 (8 to 12 yrs.)	*Programming with Robot by RISU	\$ 380	\$ 245
8/05 – 8/09	Week 9 (5 to 12 yrs.)	*Chess & Art Camp by BayAreaChess	\$ 299	\$ 229

After care available from 3:00pm to 6:00pm \$ 100 for whole week or \$ 10 per hour.

Summer camp discounts

Enroll before 5th April receive \$25 off on EACH camp. Enroll before 10th May receive \$15 off on EACH camp.

Discount is NOT applicable for after care from 3:00pm to 6:00pm.

Material Fee is paid separately to the instructor on 1st day of the each camps.

***Discount will not apply on Lego, Critical Thinking, Public Speaking, and Chess Camp.**

YOGA CAMP- WEEK 1

Summer and Yoga—a great combination! Our Kids Yoga Camp is designed to provide kids with a fun, creative, educational and enriching experience. Through a combination of yoga poses and games, group activities, themed craft projects, relaxation time, and more, kids will be able to strengthen their bodies, minds, and spirits. We offer a non-competitive, nurturing and supportive environment where kids can learn to work cooperatively as well as learn to care for and nurture themselves. A week- long camp is sure to create lasting memories, new friendships, and a foundation for health and well-being!

RECYCLE ART CAMP - WEEK 2

Kids will use materials that we use every day, every moment, without realizing how with our imagination, we can use that material to create an amazing art project. We will use water bottles, used cardboard and plastic (plates, forks, etc.), and much more! The only thing kids have to bring is imagination.

***BUILDING PUBLIC SPEAKING CONFIDENCE CAMP - WEEK 3**

Bring out confidence in your children! The “Super Heroes” theme-based activities, speech and debate topic makes a fun learning environment for kids. Students for tongue-twister challenges, story-telling, poems, games, debate, and presentations with prop and dress up. Children learn to present with confidence, use emotion, and connect with the audience fluently. Shy and confident ones alike will be.

ART/ DRAWING CAMP - WEEK 5

Participants will have the chance to explore their artistic potential and express themselves through paint, sculpture, natural objects, making collages, using more innovative materials and exploring a variety of fun. Art camp will provide five days of art, offered in the most creative, inventive, original, and thoughtful way possible. In each class participants will have fun creating projects that show their up and coming artistry and how to incorporate fun into art.

***STEM FUNDAMENTALS WITH LEGO - WEEK 6**

Level up your engineering skills with Play- Well TEKnologies and tens of thousands of LEGO parts! Apply real –world concepts in Physics, engineering, and architecture through engineer designed projects such as: Gear Cars, Castles, Airplanes, and Scissor Lifts. Design and build as never before, and explore your craziest ideas in a supportive environment. There are no prerequisites for this course.

***HANDS ON SCIENCE/ CRITICAL THINKING/ MATH CAMP - WEEK 7**

Your child will enjoy a lot of fun and exciting hands-on science projects related to Physics, Chemistry and Biology such as Kinetics, magnetism, light, electricity, germination, bio-mechanics of hand, oxidization, acid-base reaction. Your child will learn how to think and apply knowledge to solve complex problems in the Critical Thinking program while strengthen the basic math skills. Your child can learn Critical Thinking with fully personalized tablet based program with paper worksheets as the supplement. After this camp, your child will overcome weakness in math, strengthen critical thinking ability and understand key scientific concepts.

***PROGRAMMING WITH ROBOTS - WEEK 8**

Your child master fundamentals of coding and robotics while playing with a Sphero robot. Your child will solve challenges by controlling a robot with programs. Your child will learn Fundamentals of programming such as loops and branches, experiment the process to break down a goal into the actionable steps and reconstruct the steps with visual programming. You child also learn the basics of robotics such as the concept of sensor data feedback based real time control. Your child also learns critical thinking that strengthen logical thinking, spatial reasoning and Competitive math with fully personalized tablet based program. There are many fun quizzes. Your Child will love these quizzes. This course targets beginners and does not have any prerequisite. Rental cost of the robot and tablet is included in the class fee.

***CHESS & ART CAMP - WEEK 9**

BayAreaChess combines fun and learning while promoting a team spirit where everyone helps each other succeed and improve. Our chess program will cover the very basics for new students to the game and we can challenge experienced players with more advanced concepts. Students will have the opportunity to learn the moves of the pieces, opening strategy, tactics, checkmates and endgame play. Students will also learn valuable life skills through chess, such as winning and losing with grace, sportsmanship, planning and team spirit. Our mission is to transform and enrich the lives of students through chess.
